Key Facts:

Pilot

Start date: 15/03/2021

End date: 12/09/2022

National Framework

Start date: 12/09/2022

End date: 11/09/2025

Pilot User guide

Provision of Solar PV on Listed and Non-Listed Churches

Suppliers:

Exeo Energy | Share Energy | Enzen | Green Energy Together

Who can use this Framework?

The framework can be used nationally by churches within the Church of England and Church in Wales

What is a Pilot?

A Pilot offering will allow 2buy2 as the framework provider, the opportunity to develop a National solution for Solar PV on Churches. Users of the pilot offering will have access to procurement experts throughout the pilot duration and will help shape the future of Net Zero 2030. The Pilot will run from March 2021 until September 2022. Churches can onboard to the pilot at any point during this timeframe.

Once the pilot has ended, 2buy2 will review the offering, before making it available to all Church of England and Church in Wales Churches on a National framework.

What does this Framework provide?

This framework provides access to a list of pre-approved suppliers who have demonstrated experience in installing Solar PV on both list and non-listed Churches. Through the offering you will have access to:

- Pre-approved suppliers.
- Support on feasibility drafting.
- Full quotation proposal
- Ongoing support to aid in the approval of PCC sign off.
- Consultation and design drawings
- Desktop remote surveys to aid with current COVID-19 restrictions.
- After sales support
- Full training
- Guaranteed for workmanship and products.

What we do

Through the bulk buying power of the Church we negotiate competitive prices with suppliers across a range of different contracts. All our suppliers undergo a careful selection process, and the contracts have been professionally reviewed, so you can purchase safe in the knowledge that there will be no catches or hidden surprises. We manage the contracts too, and can guarantee ongoing support from our dedicated customer service team.

How else can we support you?

Also available through Parish Buying to aid you in your Net Zero Journey is the [Green Energy Basket](#) as well as [LED Lighting](#)
